<http://www.jose-renteria.com/> | [JoseRenteria.SF@outlook.com](mailto:JoseRenteria.SF@outlook.com) | (510) 499-8014 | San Francisco, CA

Junior developer with 2 years of experience working with JavaScript and Node.js.  
Team-oriented contributor and self-starter who takes the initiative to deliver results.

## TECHNICAL SKILLS

**Expert:** C++, JavaScript, JQuery, HTML, CSS, Node.JS, Express.JS, PostgreSQL, Git

**Intermediate:** React.JS, Unit Testing, Gulp, Pug, Ionic, Bash, HTML5 Canvas API, JIRA, Confluence

**Exposure:** Ember, Sass, Web Sockets, Ruby, MySQL, PHP, Selenium, WebDriver, Accessibility(a11y)

## EXPERIENCE

### QA Tester

October 2017 - Present

Switchfly | <https://switchfly.com>

Tested Switchfly's ecommerce travel platform to help deliver as much value in the shortest possible time. Utilizing developer background to identify, record and discover root cause of bugs to greatly improve the quality of new features.

- ✓ Coordinated requirements with development engineers and product owners, created test plans on Targetprocess and performed QA testing on new features and bug fixes.
- ✓ Increasing the resilience of the platform by devising new testing scenarios that exposed oversights.
- ✓ Brought new features into compliance with a11y accessibility standard.
- ✓ Created JavaScript scripts, test cases, scenario documentation for knowledge transfer.

### Application Developer

June 2017 - July 2017

Randstad | Estée Lauder | [https://www.bumbleandbumble.com/\\_efb/meme/](https://www.bumbleandbumble.com/_efb/meme/)

Built a social media sharing application to promote Estee Lauder's Bumble and Bumble brand of hair care products.

- ✓ Turned wireframes into a responsively designed web application using JavaScript, HTML5, and PHP.
- ✓ Effectively presented to management any technical details to help set implementation priority of new features.
- ✓ Expanded the reach of application by adding social media features via Facebooks, Pinterest, and Twitter API's.

### Full-stack JavaScript Developer - Internship

February 2017 - May 2017

ForwardLane | [www.forwardlane.com](http://www.forwardlane.com)

Reduced feature defects in ForwardLane's VC-backed enterprise platform and mentored data scientist in software collaboration.

- ✓ Resolved defects in the flagship product built with Node.js and JavaScript.
- ✓ Created a new developer environment onboarding process that resulted in a 66% reduction in setup time for new team members.
- ✓ Proactively assisted and acted as technical point of contact for the New York data science team in their implementation of both data aggregation and RESTful API reporting services, allowing them to more effectively train the machine learning algorithms at the core of the flagship product.
- ✓ On-boarded the company's New York-based data science team with best practices for GitFlow source control, ticket management in JIRA, and documentation in Confluence which accelerated their successful integration into the wider development team.

### Computer Programming Tutor

October 2014 - December 2015

Institute of Tutoring Services | [www.kbcc.cuny.edu/TutorialServices/Pages/TutorialServices.aspx/](http://www.kbcc.cuny.edu/TutorialServices/Pages/TutorialServices.aspx/)

Empowered struggling students with the support they needed to be successful scholars.

- ✓ My students achieved a 100% pass rate for remedial math, algebra, calculus, and programming fundamentals (Java and C++).
- ✓ Built custom study plans for each student and taught them problem-solving strategies applicable across the breadth of their studies.

## EDUCATION

July 2016 - October 2016

Software Engineer Immersive Program  
Fullstack Academy of Code, Manhattan, NY

March 2014 - January 2016

Computer Science Degree  
Kingsborough Community College, Brooklyn, NY

2001 - 2006

Civil Engineering - 120 units completed  
California State University Fullerton, Fullerton, CA
